LAKEDALE TELEPHONE COMPANY

# RULES and REGULATIONS

GOVERNING SERVICE FURNISHED BY  
**LAKEDALE TELEPHONE COMPANY**  
GENERAL OFFICES, ANNANDALE, MINN.

## ALLOWANCE FOR FAILURE OF SERVICE

The Telephone Company does not guarantee uninterrupted working of its lines or equipment. In case service is interrupted otherwise than by negligence or willful act of the subscriber, an adjustment will, upon application by a subscriber, be made in the amount of the charges for such of the service equipment, and facilities furnished as are rendered useless or inoperative. Any adjustment shall apply only to the period the interruption continues beyond sixty (60) hours after notice of the interruption is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company.

## CONNECTING WITH OTHER EQUIPMENT & APPLIANCES

The equipment furnished by the Telephone Company shall not be connected with any other equipment, and no instrument or appliance shall be connected to it. The telephone instruments have been designed to produce the best results and are necessarily sensitive and intricate. The various devices which are offered for sale, and which are supposed to improve transmission, eliminate noise, destroy germs, or afford other improvements, are not only unnecessary but generally cause trouble. In order to protect its service the Telephone Company will remove all such appliances.

## RIGHT OF ACCESS TO PREMISES

At all reasonable times the Company through its authorized employees, shall have the right of access to the premises of the subscriber to install, inspect or repair the lines or equipment, or to remove them upon termination of the subscriber's right of use.

## ERRORS IN DIRECTORIES

The Telephone Company issues directories to assist it in furnishing prompt and convenient

service, and it does not guarantee to its subscribers correct listings therein. Every precaution is taken to prevent errors and omissions, but they will occur, and the Company assumes no liability for damages caused to a subscriber by such errors or omissions in its directories.

## CHANGE OF TELEPHONE NUMBERS

The Telephone Company does not undertake to continue the furnishing of service to a subscriber in any exchange area through any particular central office in that area and may change the telephone number or the central office whenever it deems it desirable in the conduct of its business.

## DEFAULT OF PAYMENT

Charges for exchange service and facilities are billed in advance and all bills, including charges for long distance service are due when rendered. Failure to receive a bill does not exempt the subscriber from prompt payment of his account. In the event of any default of payment the Company reserves the right to discontinue at once the subscriber's service or disconnect and remove its telephone equipment.

## PARTY LINE SERVICE

In connection with the furnishing of party line service, it is contemplated that each subscriber will use the service as not to interfere with an equitable proportionate use of the service by other subscribers on the same line. In the interest of the service to all parties on a party line, the Telephone Company reserves the right to discontinue the party line service of a party line subscriber when the duration or number of local messages sent or received by him is so great as to prevent an equitable proportionate use of the service by other subscribers on the line.

## WARNING—GIVING UP PARTY LINE IN AN EMERGENCY

During 1955 the Minnesota Legislature passed a law requiring party line users to give up the line in the event they were requested to do so covering an emergency call. The provisions of this law are as follows:

### BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. Subdivision 1. For purposes of this act the following terms have the meanings ascribed to them.

Subdivision 2. "Party line" means a subscribers line telephone circuit, consisting of two or more main telephone stations connected therewith, each station with a distinctive ring or telephone number.

Subdivision 3. "Emergency" means a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential.

Section 2. Any person who shall wilfully refuse to immediately relinquish a party line when informed that such line is needed for an emergency call, actually existing as defined in Subdivision 3 of Section 1, to a fire department or police department or for medical aid or ambulance service, shall be guilty of a gross misdemeanor.

Section 3. Any person who shall secure the use of a party line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor.
